

TECHNICAL DATA SHEET

PAPER TAPE FOR CARTON SEALING

T&GCS1800 - 1899

Technical data

	u. m.	Typical value	Acceptability gap
Paper weight	g/m ²	61	+/- 5%
Total thickness	µm	128	+/- 10%
Longitudinal tensile strenght	kg / cm	3,8	2,5 - 5,0
Longitudinal elongation at breakage	%	7	3 - 12
Adhesion to steel plate	g / cm	260	≥180
Rolling ball tack	cm	1	≤ 3
Temperature resistance		60°C / 30 min.	
Rolls Tolerances			
Rolls Width	mm		±1
Rolls Lenght (≤ 132m)	%		±1,5%
Rolls Lenght (> 132m)	%		±0,5%

Test methods are available on request

Tape color	Ivory, Yellow, Brown	<small>*Color reference is far guidance only. Shade and brightness, may undergo slight changes.</small>
Adhesive	Natural rubber	
Aplication	Paper tape for carton sealing	

Guarantee

The product and its functionality are guaranteed for a period of 6 moths from date delivery if stored under normal conditions of 21°C (70°F) and 50% relative humidity in the original carton.
